Szolgáltató a Kbt. 136 § (1) bekezdés a) pontjában foglaltakra figyelemmel kijelenti, hogy nem fizet, illetve számol el a jelen szerződés teljesítésével összefüggésben olyan költségeket, amelyek a Kbt. 62. § (1) bekezdés k) pont ka)-kb) alpontja szerinti feltételeknek nem megfelelő társaság tekintetében merülnek fel, és melyek a Szolgáltató adóköteles jövedelmének csökkentésére alkalmasak.

VII.2. Such events, occurrences, or causes will include, without limitation, strikes, lockouts, riots, acts of war, earthquakes, fire and explosions, but the inability to meet financial obligations is expressly excluded.

VII.7. Any dispute that may arise shall be settled in mutual agreement of both Parties. In case a dispute is not settled with one accord, it is to be solved by a competent court of justice having competence in Hungary.

VII.8. The governing law of this contract shall be Hungarian law. This contract has been prepared in a Hungarian and an English version fully corresponding to each other. In case of any differences or discrepancies between the two versions, the English version shall prevail.

VII.9. Should one or several clauses of this contract be or become invalid, the validity of the other clauses will not be affected. The invalid clause will be reinterpreted so as to achieve the originally intended purpose of the parties- as long as legally acceptable.

Under such circumstances, the Supplier will notify the Subscriber and the relevant Consortium Member Institution and either:

3.1.5.1 Subscriber or the relevant Consortium Member Institution may elect to pay the APC for any relevant Eligible Article within 14 calendar days of receipt of the notice. Any remaining portion of the APC Fund can be used as a partial payment for the APC; or

3.1.5.2 where Subscriber has not notified the Supplier according to Section 3.1.5a), and an Eligible Author approaches the Supplier with the desire to publish an article and pay the APC by himself/herself or by a third party, the Supplier reserves the right to publish such article.

3.1.6 The Supplier undertakes to use reasonable efforts to use ORCID (<http://orcid.org/>) throughout the workflow from submission to publication and include Eligible Authors’ ORCID ID in Eligible Articles. It is the Eligible Author’s responsibility to provide all necessary details in respect of its ORCID ID to the Supplier.

3.2 Editorial Independence

3.2.1 Nothing herein contained shall oblige the Supplier or any third party to accept or publish any article submitted to the Supplier by an Eligible Author. Subscriber and the Consortium Member Institutions acknowledge that the selection of material to be accepted and published by the Supplier or a third party in control of the publishing process is entirely at the discretion of the Supplier or said third party. Subscriber and the Consortium Member Institutions waive any claim they may have against the Supplier or said third party in the event that the Supplier or said third party refuses or declines to publish any material (or part thereof) submitted by an Eligible Author (i.e. an article which is not an Eligible Article).

3.3 Author Identification

3.3.1 Process for identification of Affiliated Authors:

3.3.1.1 It is the Consortium Member Institution's responsibility to provide the parameters for identification of Affiliated Authors and shall update the Supplier of any changes in those parameters as soon as reasonably practicable.

3.3.1.2 With respect to publication in any Open Access Journal, Affiliated Authors shall identify themselves by providing one of the following parameters: by selecting either their institution name or using their e-mail domain or by IP address recognition within the identification process.

3.4 Author Verification

3.4.1 The Supplier shall notify the Consortium Member Institution by email each time an author is identified as an Affiliated Author.

3.4.2 The Licensee shall confirm or deny if the author is Affiliated with the respective Consortium Member Institution pursuant to the definition of "Affiliated" in Section 2.1.6. In case the Supplier does not receive either a confirmation or a denial within 3 business days after the Supplier has notified the Consortium Member Institution, the Supplier shall deem or deny the author to be Affiliated and continue the publishing process. Supplier shall explicitly inform Consortium Member Institution in a notification email, that Supplier will deem or deny the author to be Affiliated and continue the publishing process, if the aforementioned time period expires without any declaration by Consortium Member Institution. If the Consortium Member Institution requires more than 3 business days for confirming or denying if an author is Affiliated, the Consortium Member Institution may request an extension of up to 4 additional business days from the Supplier by email, and the second sentence of this Section 3.2.42 shall not apply.

3.4.3 From time to time, the Supplier shall be entitled to revise the identification and verification process described above in order to improve the process for Eligible Authors. The Supplier shall notify the Subscriber in writing of any such changes to the process.

4. Calculation of APC Fund and Publication Corridor

4.1 The parties agree to the APC Funds as per the table below. The APC Fund is based on a mutually agreed APC Rate ("Agreed APC Rate") and the Article Base, which represents the expected article output of all Consortium Member Institutions during a respective calendar year of the Term, based on previous year's output. The parties agree to an increase of the Article Base by 15% during each year of the Term, such growth is already reflected in the table below.

4.2 The parties further agree to the following publication corridor ("Publication Corridor"), to consider the possibility that the number of Eligible Articles being published exceeds the Article Base ("Overpublishing") or the possibility that the number of Eligible Articles being published is below the Article Base ("Underpublishing").

a. Overpublishing

Consortium Member Institutions may publish additional Eligible Articles at no extra cost up to the top of the corridor, i.e. the number indicated as Article Max in the table above. For each article published above the Article Max, the provisions of clause 3.1.5 of these Product Terms will apply. In such case, the APC will be based on standard list price APC for the respective journal (and which for the avoidance of doubt is not the APC set forth in Section 4 to these Product Terms) and the additional APCs will then be invoiced to the corresponding Consortium Member Institution or the Eligible Author separately, as set forth in clause 3.1.5 of these Product Terms.

b. Underpublishing

If Consortium Member Institutions publish less than the Article Min. threshold, Supplier will, within the first quarter of the following year of the Term, refund Subscriber an amount corresponding to the difference between the Article Min. threshold and the number of articles actually published, multiplied by the Agreed APC Rates. In the event of the foregoing, Licensor will correct the corresponding invoice to reflect the refund. For the avoidance of doubt, this refund is Subscriber's sole remedy in case of underpublishing and the parties agree that the APC Fund shall otherwise expire at the end of each calendar year. For clarity: If the number of published articles is below the Article Base, but is not less than the Article Min, the APC Fund shall expire at the end of each calendar year. However, if the Subscriber has a right to receive a refund under this Clause 4.2 b), such refund will not expire at the end of the Term.

4.3 APC Fund, Agreed APC Rates, Article Base, Article Max, Article Min

	2020	2021	2022
Publishing Fee ("APC Fund")	€ 288,300.00	€ 331,545.00	€ 388,902.29

COMPACT and Single Title Journal Subscriptions

WHEREAS, therefore, the Licensor, Customer and the Licensees intend to establish a legal and economic framework to allow: (a) eligible authors from Licensees to publish open access articles in the Open Choice journals listed in Schedule X (Open Choice Journals), whereby article processing charges would be considered as a part of the overall fees under these Product Terms; and (b) access to the journals listed in Schedule X (Content).

These Product Terms incorporate the following Schedules:

- Schedule a- Open Choice Journals
- Schedule b - APC Rates
- Schedule c – Content
- **Term**

The Term shall begin on the “Commencement Date” and shall end on 31st December 2022.

PART A – OPEN ACCESS PUBLISHING

2. Definitions

2.1 The following terms shall have the following meanings when used within these Product Terms, and shall apply in addition to the definitions included in Section 1 of the General Terms and Conditions:

- 2.1.1 **“APC Fund”** means the fund from which Eligible Authors can publish Eligible Articles, as specified in the License Fee section of this Agreement;
- 2.1.2 **“Article Approval Process”** means the Publisher’s standard approval portal for journals (excluding any Non-Standard Journals);
- 2.1.3 **“Article Processing Charge” (“APC”)** means the Publisher’s article processing charge for publishing an open access article in the applicable journal, as specified in Schedule X (APC Rates);
- 2.1.4 **“Eligible Authors”** means authors (i) who are **“Affiliated”** with a Licensee, i.e. who are students enrolled at or accredited to Licensee or who are teaching and research staff employed by or otherwise accredited to the Licensee, whereby in case of articles published by multiple authors only the corresponding author may qualify as an Affiliated Author; (ii) who have signed one of the then current open access publishing agreements used at the Licensor to publish an article under an Open Access License in one of the Licensor’s Open Choice Journals the current list of which (subject to change by the Licensor) is attached in Schedule X (**“Open Choice Journals”**); and (iii) for whom a Licensee has confirmed the status as Affiliated Author pursuant to Section 3.2.4.

For the avoidance of doubt, it is the sole responsibility of the Licensee to verify if an author is an Affiliated Author. If the Licensee confirmed the affiliation of an author with respect to an article, this author shall be deemed an Affiliated Author.

- 2.1.5 **“Eligible Articles”** means articles (i) which are original and not infringe on any law and/or third party right and meet all ethical standards as required in the current guidelines of the Committee for Publication Ethics (COPE) and other policies of the Licensor, (ii) which are written by Eligible Authors, (iii) which are editorially accepted for publication in an Open Choice Journal with an acceptance date during the Term, and (iv) which are of one of the following article types:
- a) Original Paper – Standard article, usually presenting new results; articles published under this article type may also be referred to as Original Research, Original Article, Original Paper or Research Paper.
 - b) Review Paper – Standard article, interpreting previously published results.
 - c) Brief Communication – Short article submitted for rapid publication that exhibits the same structure as a standard article.
 - d) Continuing Education – Article forming integral part of further education (usually medical).
- 2.1.6 **“Non-Standard Journals”** means the journals which are not published in the Licensor’s standard publications workflow, and/or in which respect the Licensor does not control the publication workflow

and/or the terms and conditions under which such journals are published. Non-Standard Journals are marked accordingly in Schedule X (Open Choice Journals), but Licensor may change the designation of journals from time to time during the Term.

2.1.7 “Open Access License” means a Creative Commons license or other open access license, used for the publishing of Eligible Articles in Open Choice Journals. The Licensor currently offers CC BY 4.0 and CC BY-NC 4.0, but these are subject to change at any time by the Licensor.

3. Open Access Publishing

3.1 Publication of Eligible Articles

3.1.1 During the Term, any APC for an Eligible Article shall be deducted by the Licensor from the APC Fund, upon the date when the Eligible Author is identified as an Affiliated Author by the Licensee. The APC for any article submitted to the Licensor from an Affiliated Author, which is not an Eligible Article, will not be deducted from the APC Fund and will be charged separately under the Licensor’s standard process. Upon expiry of Term, any remaining APC Fund will not be refunded.

3.1.2 The number of Eligible Articles as set forth in the quarterly reports as per Section 3.1.3 will be determined by the date on which the relevant Article Processing Charge was deducted from the APC Fund.

3.1.3 The Licensor will report to Customer on a quarterly basis how many Eligible Articles have been accepted and approved by Licensee and in which regard the Licensee has verified that the author is an Eligible Author pursuant to these Product Terms.

3.1.4 The Licensor shall notify the Customer when the APC Fund is due to run out. The Licensor shall endeavor to submit such notification 4 weeks before the APC Fund runs out.

3.1.5 When the APC Fund is not sufficient to cover any more Article Processing Charges, the Licensor will stop accepting Eligible Articles for open access publication pursuant to these Product Terms. Under such circumstances, the Licensor will notify the Customer and the relevant Licensee and either:

- a) Customer or the relevant Licensee may elect to pay the APC for any relevant Eligible Article within 14 calendar days of receipt of the notice. Any remaining portion of the APC Fund can be used as a partial payment for the APC; or
- b) where Customer has not notified the Licensor according to Section 3.1.5a), and an Eligible Author approaches the Licensor with the desire to publish an article and pay the APC by himself/herself or by a third party, the Licensor reserves the right to publish such article; or
- c) if Sections 3.1.5a) or 3.1.5b) do not apply, the Eligible Article may be published on a subscription basis.

3.1.6 The Licensor undertakes to use reasonable efforts to use ORCID (<http://orcid.org/>) throughout the workflow from submission to publication and expose Eligible Authors’ ORCID ID in Eligible Articles and via Abstracting & Indexing (A&I) services, CrossRef and other discovery services. It is the Eligible Author’s responsibility to provide all necessary details in respect of his/her ORCID ID to the Licensor. This Section does not apply to Non-Standard Journals.

3.2 Editorial Independence

3.2.1 Nothing herein contained shall oblige the Licensor or any third party to accept or publish any article submitted to the Licensor by an Eligible Author. Customer and the Licensees acknowledge that the selection of material to be accepted and published by the Licensor or a third party in control of the publishing process is entirely at the discretion of the Licensor or said third party. Customer and the Licensees waive any claim they may have against the Licensor or said third party in the event that the

Licensor or said third party refuses or declines to publish any material (or part thereof) submitted by an Eligible Author (i.e. an article which is not an Eligible Article).

3.2.2 Process for identification of Affiliated Authors:

- a) It is the Licensee's responsibility to provide the parameters for identification of Affiliated Authors and shall update the Licensor of any changes in those parameters as soon as reasonably practicable.
- b) With respect to publication in any Open Choice Journal (which is not a Non-Standard Journal), Affiliated Authors shall identify themselves by providing either their institution name or using their e-mail domain or by IP address recognition within the identification process.
- c) Each Non-Standard Journal may have a different process for identification of Affiliated Authors.
- d) For the avoidance of doubt, Eligible Authors shall not be offered the option to publish their Eligible Article under any license other than the Open Access License.
- e) If an Affiliated Author does not appropriately identify themselves and then publishes such article on a subscription basis, the Licensor shall not be required to then convert the article so that it is released pursuant to an Open Access License.

3.2.3 The Licensor shall notify the Licensee by email each time an author is identified as an Affiliated Author.

3.2.4 The Licensee shall confirm or deny if the author is Affiliated with the respective Licensee. In case the Licensor does not receive either a confirmation or a denial within 3 business days after the Licensor has notified the Licensee, the Licensor shall deem the author to be Affiliated and continue the publishing process. Licensor shall explicitly inform Licensee in its notification email of the intended consequences if the aforementioned time period expires without any declaration by Licensee. If the Licensee requires more than 3 business days for confirming or denying if an author is Affiliated, the Licensee may request an extension of up to 4 additional business days from the Licensor by email, and the second sentence of this Section 3.2.4 shall not apply.

3.2.5 The parties may mutually agree in writing to a different, more automated mechanism to verify identification criteria for Eligible Authors.

3.2.6 From time to time, the Licensor shall be entitled to revise the identification and verification process described above in order to improve the process for Eligible Authors. The Licensor shall notify the Customer in writing of any such changes to the process.

3.2.7 All communications specified in Sections 3.2.3 and 3.2.4 above shall be managed through the Author Approval Process. Communications for Non-Standard Journals shall be subject to different processes and communication methods.

2. Term and Access Rights

- 1.1 The Term shall begin on the "Commencement Date" and shall end on 31st December 2022.
- 1.2 Continuing Access Journals: During the Term, Licensee shall have access to the Continuing Access Journals listed in Section 3.1 first published during the Term. After the Term, Licensee shall have Continuing Access to the Continuing Access Journals first published during the Term, subject to all the terms and conditions of this License Agreement.
- 1.3 Access Only Journals: During the Term only, Licensee will be granted access to the Access Only Journals listed in Section 3.2 first published during the Term.
- 1.4 Backfile Access During the Term: In addition, during the Term only, Licensee will be granted access to the Content of titles listed in Sections 3.1 and 3.2 published beginning the later of (a) 1997 (b) the first date of publication or (c), the date on which Supplier first acquired publication rights.

3. Cessation of Publication / Transfer / Take-over / DDP

3.5 Cessation of Publication of Continuing Access Journals During the Term

If Supplier ceases to publish new Content for 3% or more of the Continuing Access Journals during any calendar year of the Term, whether because Supplier ceases to have publishing rights or because Supplier ceases to publish those Continuing Access Journals, upon Licensee's written request, Supplier will, at Supplier's sole option, offer to Licensee:

- 3.5.1 access to additional Content not presently licensed to Licensee with an approximate value equal to or greater than the value at the date of cessation of the Content associated with the

discontinued Continuing Access Journals that was to be published from the date of cessation of publication through the end of the Term, or

- 3.5.2 a credit toward any future acquisition of a Product in the same value as that mentioned in part (1) above.

The value to be applied for additional Content or a credit will be determined by Supplier in good faith, taking into account factors which may include, without limitation, number of articles, number of pages, impact factor, usage factor, and list price of the Content in question, or any other formula including any or all such factors that allows Supplier to calculate the value of the lost Content as a percentage of the Continuing Access Journals under the License.

- 3.6 **Transfer of Publishing Rights to Continuing Access Journals** If Supplier's publishing rights to a Continuing Access Journal are transferred to another publisher or entity at any time during or after the Term, Supplier will use reasonable efforts to provide Licensee with Continuing Access to the Content of that Continuing Access Journal published by Supplier during the Term, either (a) online on the Platform, (b) online on the new publisher's website, or (c) offline by providing the same on a digital storage medium. In case of (c) above, use of the Continuing Access Journal shall be subject to the terms of this License Agreement, except for Sections 4.3 and 4.4 of the General Terms and Conditions.

- If Licensee subscribes to one or more journals from a third-party publisher which are acquired by Supplier during the Term (the "Take-Over Journals"), the Take-Over Journals may be added, in Supplier's sole discretion, to this License Agreement after expiration of Licensee's subscription with the third-party publisher, to the extent Supplier's acquired rights in the Take-Over Journals permit. **Content**

1. Term and Access Rights

- 1.1 The Term shall begin on the "Commencement Date" and shall end on 31st December 2022.
- 1.2 Continuing Access Journals: During the Term, Licensee shall have access to the Continuing Access Journals listed in Section 3.1 first published during the Term. After the Term, Licensee shall have Continuing Access to the Continuing Access Journals first published during the Term, subject to all the terms and conditions of this License Agreement.
- 1.3 Backfile Access During the Term: In addition, during the Term only, Licensee will be granted access to the Content of the Continuing Access Journals titles published beginning the later of (a) four years prior to the Commencement Date or (b) the first date of publication.

2. Cessation of Publication; Transfers

- 2.1 Cessation of Publication of Continuing Access Journals During the Term If Supplier ceases to publish new Content for 3% or more of the Continuing Access Journals during any calendar year of the Term, whether because Supplier ceases to have publishing rights or because Supplier ceases to publish those Continuing Access Journals, upon Licensee's written request, Supplier will, at Supplier's sole option, offer to Licensee:

- (1) access to additional Content not presently licensed to Licensee with an approximate value equal to or greater than the value at the date of cessation of the Content associated with the discontinued Continuing Access Journals that was to be published from the date of cessation of publication through the end of the Term, or
- (2) a credit toward any future acquisition of a Product in the same value as that mentioned in part (1) above.

The value to be applied for additional Content or a credit will be determined by Supplier in good faith, taking into account factors which may include, without limitation, number of articles, number of pages, impact factor, usage factor, and list price of the Content in question, or any other formula including any or all such factors that allows Supplier to calculate the value of the lost Content as a percentage of the Continuing Access Journals under the License.

- 2.2 Transfer of Publishing Rights to Continuing Access Journals If Supplier's publishing rights to a Continuing Access Journal are transferred to another publisher or entity at any time during or after the Term, Supplier will use reasonable efforts to provide Licensee with Continuing Access to the Content of that Continuing Access Journal published by Supplier during the Term, either (a) online on the Platform, (b) online on the new publisher's website, or (c) offline by providing the same on a digital storage medium. In case of (c) above, use of the Continuing Access Journal shall be subject to the terms of this License Agreement, except for Sections 4.3 and 4.4 of the General Terms and Conditions.

A Kbt. 141. § (6) bekezdése alapján a közbeszerzési szerződés jogszerűen módosítható:

„A (2) és (4) bekezdésben szabályozott eseteken kívül, a szerződés új közbeszerzési eljárás lefolytatása nélkül akkor módosítható, ha a módosítás nem lényeges. A szerződés módosítása lényeges, ha az eredeti szerződéses feltételektől lényegesen eltérő érdemi feltételeket határoz meg. A módosítást mindig lényegesnek kell tekinteni, ha

- a) olyan feltételeket határoz meg, amelyek ha szerepeltek volna a szerződéskötést megelőző közbeszerzési eljárásban, az eredetileg részt vett ajánlattevőkön (részvételre jelentkezőkön) kívül más ajánlattevők (részvételre jelentkezők) részvételét vagy a nyertes ajánlat helyett másik ajánlat nyertességét lehetővé tették volna;
- b) a módosítás a szerződés gazdasági egyensúlyát a nyertes ajánlattevő javára változtatja meg; vagy
- c) a módosítás a szerződés tárgyát az eredeti szerződésben foglalt ajánlattevői kötelezettséghez képest jelentős új elemre terjeszti ki.”

By virtue of PPA § 141 (6) the Contract may be lawfully amended:

“In addition to the situations provided for in subsections (2) and (4), the contract may be amended without the conduct of a new procurement procedure, if the modification is not substantial. A modification of a contract shall always be considered to be substantial, where

- a) the terms affected by the amendment would have allowed the participation of other tenderers (candidates) as well in addition to the original tenderers (candidates) or the success of another tender instead of the successful tender, if those terms had been indicated in the procurement procedure preceding the conclusion of contract;
- b) the amendment shifts the economic balance of the contract in favour of the successful tenderer; or
- c) the amendment extends the subject-matter of the contract over a new, significant element compared

Felek rögzítik továbbá, hogy a jelen tényállás szerinti szerződésmódosítás nem tekinthető lényegesnek. A módosítás nem határoz meg olyan feltételt, amely ha szerepelt volna a szerződéskötést megelőző közbeszerzési eljárásban, az eredetileg részt vett ajánlattevőn kívül más ajánlattevő részvételét vagy a nyertes ajánlat helyett másik ajánlat nyertességét lehetővé tette volna tekintettel arra, hogy a közbeszerzés lefolytatására a Kbt. 98. § (2) bekezdés c) pontja alapján került sor, a szerződés teljesítésére kizárólag Szolgáltató képes, a szerződésmódosítás nem érinti Szolgáltató kizárólagos jogát.

A módosítás a szerződés gazdasági egyensúlyát a nyertes ajánlattevő javára nem változtatja meg. A jelen tényállás szerinti szerződésmódosítás a szerződés tárgyát (adatbázis szolgáltatása) nem változtatja meg.

to the tenderer's obligations imposed by the original contract

Such amendments do not determine any such requirements which had they been part of the public procurement procedure preceding the conclusion of the Contract, would have enabled other tenderers to be involved in the procedure apart from the initial tenderer, or would have resulted in another winning tender instead of the current one, as the procurement procedure has been conducted subject to PPA § 98 (2) c); exclusively Provider is capable of performing the Contract, the contractual amendments are without prejudice to the exclusive right of Provider.
